About

Dr. Ali Lashgari is a board-certified dermatologist who's been practicing at Ridgecrest Regional Hospital since 2016. He treats dermatologic conditions of skin, hair, and nails for all age groups, does dermatologic surgery including Mohs Micrographic Surgery, and some cosmetic procedures such as Botox®, fillers, and lasers.

Dr. Lashgari received his Bachelor's degree with honors from Caltech in Pasadena and did his medical training at University of California, San Diego (UCSD). After completing his internship at Yale New Haven Hospital, he returned to UCSD for his dermatology residency training, which he finished in 1996. After working a few years with other doctors, Dr. Lashgari started his own practice in Encinitas, CA in 1999. He had his practice until December 2016 and has been working strictly in the city of Ridgecrest since then.

Dr. Lashgari's goal is to provide the best dermatologic care in the most caring atmosphere to the Ridgecrest community.
