RIDGECREST REGIONAL HOSPITAL DEVELOPMENT FOUNDATION

MISSION

Our **Mission** is to engage the community in partnership, to advance the hospital's mission of providing excellent care, and to secure resources to support future sustainability and growth of the hospital.

RIDGECREST REGIONAL HOSPITAL

MISSION

To be a community-based organization that provides and promotes comprehensive quality healthcare for the people of the Southern Sierra Region.

RIDGECREST REGIONAL HOSPITAL

VISION

To be a leader in offering the highest quality, patient-centered, affordable healthcare and wellness services to the people of our service area. To promote the economic health and development of the Southern Sierra Region.

A LETTER FROM THE CHAIRMAN

It is an honor to serve as Chair of the 2017 Ridgecrest Regional Hospital Development Foundation Board, whose purpose is to ensure the future sustainability of our hospital through a partnership with our community.

With generous support from donors, Ridgecrest Regional Hospital can provide the latest innovations in patient care. Because of you, our incredible donors, we raised \$105,318 last year and we are very close to achieving our goal to purchase of an Automated Breast Ultrasound for the women of Ridgecrest. We also opened the Hospice Butterfly Boutique on Balsam Street in August of 2016, which will support Ridgecrest Regional Hospice.

Your contributions really can and do make a positive difference in our community's health care. When you donate to Ridgecrest Regional Hospital Development Foundation, you're supporting a not-for-profit hospital recognized for providing excellent, comprehensive, compassionate care to our entire community.

I hope you share in this pride and will continue to support our important efforts. Please take a moment to make a gift to Ridgecrest Regional Hospital Development Foundation. Any amount you give is deeply appreciated and will help us continue to provide our community with the highest level of health care.

It is with gratitude that changes everything!

Sincerely,

Geralyn (Geri) Haradon, Chair
Ridgecrest Regional Hospital Development Foundation

A LETTER FROM THE EXECUTIVE DIRECTOR

Our goal for the Development Foundation's annual report is to honor the generosity of our incredible donors. We cannot ever fully express our gratitude to the many individuals that make our mission a success, but we never get tired of trying.

In 2013, the Board of Directors of Ridgecrest Regional Hospital had the foresight to see into the future and to know that great nonprofit community hospitals such as ours do not reach their full potential without the support of their community. From that vision, the RRH Development Foundation was formed.

Fast forward to 2017 and that vision is more important than ever. While many are asking what the future will bring for healthcare and what are we doing to prepare for those changes, we are confidently preparing for those possibilities by building a partnership with our community. Fortunately, we have incredible leadership here at Ridgecrest Regional Hospital! We always keep in mind, that the one constant factor in healthcare is change.

We will continue to be conservative in our spending and good stewards of the resources we hold for our community.

It's no secret that our Hospital is growing. Some of the exciting growth we will begin seeing includes a new Emergency Department, Medical Oncology through our partnership with the UC Davis Cancer Care Network, and a new Crisis Stabilization Unit made possible through a partnership with the Kern County Mental Health Department.

At Ridgecrest Regional Hospital, growth isn't just about getting bigger – it's about getting better and leading the way to a healthier community. We are so pleased to have you as our partner!

With Gratitude,

A handwritten signature in black ink that reads "Tamara Tilley".

Tamara Tilley, Executive Director
Ridgecrest Regional Hospital Development Foundation

TRIBUTE GIFTS

Tribute giving is an especially meaningful way to honor, celebrate, appreciate, or remember a friend, family member, co-worker, or department. Your gift shows gratitude and contributes to excellent health care at Ridgecrest Regional Hospital.

GRATEFUL PATIENT

Thank You

Gil Cornell recently honored team members in the Cardiac Rehab Department with a leaf on the Tree of Life in each of their names. Mr. Cornell told us that the team not only saved his life, but the quality of his life is better because of them.

GRATEFUL PATIENT PROGRAM

RRH Development Foundation introduced a **new Grateful Patient Program in 2016**. This new program is about more than gratitude. It is an opportunity for our patients to be an ongoing part of the great things happening at Ridgecrest Regional Hospital.

The program is a special way to say thank you to someone at Ridgecrest Regional Hospital that provides outstanding service to you or a friend or loved one. Through the Grateful Patient Program, you can contribute to the RRH Development Foundation in honor of a doctor, nurse, therapist or any other hospital employee who has made a positive impact on the care you or someone else received at our hospital.

When we receive your gift, we will send a card and a silk gerbera daisy as a token of appreciation to the health care professional you wish to honor. Then we will send you a tax receipt, along with our

Thanks

CELEBRATING OUR 2016 DONORS (TOTAL GIFTS \$105,318)

Ridgecrest Regional Hospital and the RRH Development Foundation gratefully acknowledge the generosity of the following donors for the calendar year beginning January 1, 2016 and ending December 31, 2016. Each gift assists the hospital in providing the finest healthcare services to all those in need regardless of their ability to pay.

BUTTERFLY BOUTIQUE

SUPPORTING RIDGECREST REGIONAL HOSPICE

The Butterfly Boutique opened its doors on August 30, 2016. Before that time, the Boutique was a dream of the team at Ridgecrest Regional Hospice. The Hospice team found it heartbreaking to know some of their patients were not able to receive care at home, for a variety of reasons, as they dealt with a terminal illness.

With all funds raised by the Butterfly Boutique supporting Ridgecrest Regional Hospice, our goal is to see their dream realized. Our goal is to not only open a hospice house, but to provide future support for the home. The new hospice house will provide a place for individuals to spend their last days in a serene environment with comfort and quality of life.

RRH DEVELOPMENT FOUNDATION PROMOTING PHILANTHROPY IN RIDGECREST

RRH Development Foundation is committed to promote philanthropy in our community. In November, 2016 we hosted the Combined Federal Campaign Charity Fair at Maturango Museum.

In attendance were representatives of the 2016 approved charities and area campaign coordinator Jacqueline Williams

*Thanks to all of you
for making our
community a great
place to live.*

Where there is LIFE there is HOPE *Philanthropy Expressed in Many Ways*

Thanks to Dr. Billie Guerra, we now have a beautiful living, healthy outdoor garden in a space that was empty and barren. Following the loss of her mother, Dr. Guerra noticed an empty space outside her window and decided to take action.

Dr. Guerra's mother had a fondness for gardening. The beautiful garden is now a wonderful tribute to her memory. The space, once withered and brown, is now filled with beautiful flowering plants, an angel statue, friendly seating and the aroma of blooming flowers.

Although Dr. Guerra was kind enough to point out how others had helped with this project, we understand that it was Dr. Guerra's generosity that made the garden possible.

**WE'RE
 ALMOST
 THERE!**
75%

Great news...
 the automated
 breast ultrasound
 unit is expected to
 be available to the
 women of
 Ridgecrest by the
 end of May 2017.

Donors STILL Make *Amazing* Things Possible

Thanks to You!

*Coming soon to the Women's Imaging
 Department at RRH, the FDA approved
 automated breast ultrasound*

Every woman's breasts are different, just like every flower is different. Having dense breasts is normal. It simply means more tissue than fat.

Dense breasts make a woman up to six times more likely to develop breast cancer. And they make it challenging to detect cancer with a standard mammography exam.

The Invenia™ ABUS (Automated Breast Ultrasound System) will improve cancer detection by 35% over mammography in women with dense breasts. Using 3D ultrasound, it looks at dense breasts differently to find cancer that mammography may not see. It's relatively comfortable, and it doesn't expose you to any additional radiation. The result: More confidence and peace of mind for you.

*Ahead of the Curve, THE MOST ADVANCED
 BREAST CANCER SCREENINGS.*

Early in 2016 we began fundraising to purchase an Ivenia™ Automated Breast Ultrasound. Today we have just over \$40,000 left to reach our goal.
