## Overview

Women in Philanthropy members are an elite group of women who recognize that women as donors have the capability of making a tremendous impact on healthcare. This impact grows exponentially when the contributions from women are united in support of Ridgecrest Regional Hospital Development Foundation (RRHDF) through a collective force.

Women in Philanthropy was created by women in support of RRHDF while, at the same time, encouraging women as philanthropic leaders.

In aspiring to greatness, Ridgecrest Regional Hospital (RRH) must have supporters who are continually looking for new and innovative ways to generate funding in support of the hospital's mission. Women in Philanthropy identifies timely opportunities under the direction of RRHDF; particularly those with an emphasis on the enrichment of women's lives, and together chooses how to direct the group's pooled resources
